CAREER GOAL

To be a successful **Knowledge Management (KM) / SharePoint / Documentum / InQuira professional** in a challenging environment where everything changes quickly and my professional & technical skills are needed. Also to excel in the field of KM and to obtain the zenith of my career through the knowledge & skills for the excellence of the organization & my own development. My value-add to my potential employer is that I can understand the knowledge problems faced in organizations and easily bridge it with a suitable technology enabler.

EXPERIENCE SUMMARY

- Over 13 years of experience in Knowledge Management (KM), Library Management, Project Management, Enterprise Content Management (ECM) projects using tools such as 5+ years in SharePoint 2003/MOSS 2007 (Portal Administration), 1.5 years in Documentum and around an year in InQuira.
- Post Graduate in Library and Information Science. Recently submitted Ph.D thesis and awaiting for the declaration from University of Mysore, India. Also recipient of Endeavour Research Fellow 2008 to visit Australia as part of research study at School of Computer science and Mathematics, Victoria University, Melbourne.
- Involved in Project Management activities, Proof-of-Concept, Analysis, Design, Customization and Testing of applications and providing techno-functional support to customers.
- Strong understanding of the business processes, strategies and techno-functional expertise in different industrial areas.
- Substantial experience in delivering large programs as end-to-end lead in a Techno-functional Project Managerial position
- Experience in coordinating between offshore and onshore teams to prioritize, define, develop and deploy technology solutions to address the business needs
- Requisite understanding of project management tools.
- Strong interpersonal communication skills to build and sustain strong relationship and synergies across multiple portfolios.
- Expertise in Test Management tools such as Mercury Quality Centre
- Profound knowledge and experience in design patterns and all the phases of Software Development Life Cycle (SDLC)

KEY SKILLS

Knowledge Management (KM), Enterprise Content Management (ECM), SharePoint Portal 2003/MOSS 2007, Documentum, InQuira, Library Management & Administration, Library Automation & Networking, Bar-coding, ITIL/BS-15000/CMDB.

RESEARCH SKILLS: My research topic is "*Knowledge Organisation Systems (KOS) in Digital Libraries: A case of ETDs*". Here I have investigated KOS aspects such as Ontology, Taxonomy, Search strategy, Concept Maps, Information Visualization, User Interface and others to enhance the user experience and information retrieval process.

BUSINESS DOMAIN

All Verticals & Horizontals - Technology, BFSI, Insurance, Manufacturing and Logistics, BPO and other IT/Software sectors.
